#ThinkWomen #IWD2023 #EmbraceEquity

Thrilled to be back in person, after our live Think Women in 2020, we invite you to our exclusive Think Women event: 'Inspiring Global Women for Growth'.

Hosted at the prestigious Institute of Directors (IoD) London, in the stunning Waterloo and Nash Rooms on March 10th, this is an opportunity to come together with leaders across the international business and global mobility community to accelerate change and drive equity.

CONNECT, DISCOVER, INSPIRE

You will meet inspiring women who are making a difference. Participate in an impactful workshop in the morning from 11am and hear stories from our keynote speakers about their personal and professional journey, and their passion for supporting women and girls. Discover their hopes for the future of work and a more equitable world.

BE PART OF A GLOBAL COMMUNITY

Enjoy networking with our guests across diverse industry sectors, organisations, countries and cultures. Take away a wealth of connections, new ideas and practical solutions to put into practice in your own workplace.

Share your experience of working in an international context and help shape the agenda for the **Think Women Community** to deliver on international career opportunities and supporting women and their families to thrive around the world.

INVITING YOU TO SHARE YOUR STORY

We are profiling inspirational leaders, **40 Outstanding Think Global People Women** to showcase across our media. Their profiles will be shared before the event and in a follow up supplement to demonstrate the calibre of women working in international leadership and management roles. Contact us to be included or nominate someone you know.

WOMEN EMPOWERING WOMEN

Promoting others – we'd encourage you, if you can, to **invite a rising star and someone you admire** to make a real impact on the day and drive progress.

The event will receive wide coverage for our 30,000 unique users per month across **relocateglobal.com** and **thinkglobalpeople.com**

“ It was very insightful, inclusive and inspiring. ”

“ I felt inspired to create positive ripples and to take action starting from small steps in my career as well as in my personal life. ”

“ I really enjoyed the day – such a great mix of people. ”
